Briefly describe at least two of your family research goals for this year.	
What have you already done towards achieving these goals, if anything?	
How long have you been doing family research for?	
Describe some of your generic family research skills...eg. use of Rate Books from Benalla Family Research; visited Public Records Office; requested BMD's, etc.	
What are your computer skills like, generally and in relation to family history? Which programs have you used?	
Do you have any family research strengths which would allow you to mentor others? Briefly describe.	
Do you have any particular learning needs in family research for which you'd appreciate mentoring? Briefly describe.	
What barriers, if any, might hold you back in relation to completing family research?	
Any other learning needs, comments?
