

## Tech Savvy Seniors

### Semester 2 2015

<i>Program Description.</i>	Are you reasonably ‘Tech Savvy’, keen to continue developing your knowledge and skills and to assist others to develop digital literacy? Then ‘Tech Savvy Seniors’ may be of interest to you. Monthly meetings include sharing of ideas and pearls of wisdom; news of the latest in IT development and presentations on topics of interest by informed group members and guest speakers. Meetings will also provide a regular forum for sharing of progress and problem solving of issues by working groups involved in projects such as developing and maintaining the web site; procuring and maintaining IT related resources and equipment; and projects relating to digital inclusion.
<i>Facilitator</i>	<b>Name/s Beverley Lee</b>
<i>Contact details</i>	<b>Phone: 5762 8171      Mobile : 0478607838      Email: bevelee47@gmail.com</b>
<i>Course/Activity description summary- brief statement of course/activity goal, proposed content, class style.</i>	<p>Tech Savvy Seniors aims to provide a regular interactive forum for digitally literate members already venturing beyond the basics keen to continue developing their knowledge and skills and to develop the digital literacy of others.</p> <p>The proposed format will include sharing of the latest news on IT and digital inclusion; designated topics for discussion led by group members and guest speakers. Meetings will also provide a regular opportunity for reports, troubleshooting and problem solving to assist working groups, for example:</p> <ul style="list-style-type: none"> <li>• ‘Tech Savvy Seniors’ monthly meeting organisation and facilitation</li> <li>• U3A Benalla and District website development and maintenance</li> <li>• IT and other equipment procurement and maintenance - advice and support</li> <li>• Partnership project participation</li> <li>• Other – eg. Go Digi project - mentoring other members to increase digital inclusion</li> </ul> <p>The monthly meeting will be an interactive forum with potential to develop and enhance the effectiveness of U3A programs and members, not a formal committee of U3A.</p> <p><b>**The group will be able to draw upon resources from the Tech Savvy Seniors project; Go Digi project and other resources which enhance digital inclusion.</b></p>
<i>Prior knowledge</i>	This is a group for those with intermediate computer skills who are already venturing beyond the basics.
<i>Are there any additional costs?</i>	No – however it is assumed that participants will have access to the internet.
